ASSIGNMENT #1: CHAPTERS 1&2, CONTINUED

1. Other than her mother and father, who are the members of Calpurnia's family? 7 points

Harry Tate, Sam Houston Tate, Lamer Tate, Travis Tate, Sue Tate, and Jim Tate. Also Calpurnia Virginia Tate.

2. What have you learned about the setting for this story? When? Where? 2 points

I learned they live in Fortress, Texas 1899, they had a working farm.

3. When Callie's mother wouldn't allow her to cut off her hair, what plan did she devise? 2 pts.

Every week she would cut off an inch of hair just one stealthy inch so that ^{her} mother wouldn't notice.

4. Why did Harry consider Callie a "naturalist in the making"? Give 2 examples. 2 pts.

Harry considers Callie a naturalist in the making because she knew how to train earth ^{worms} and know where they came when they rained.

5. What have you learned about Callie's relationship with her Grandfather? 2 pts.

I have learned that they both really like to observe nature, they both read books, they both like the bird nests and they getting along greatly.

6. Think of at least two possible reasons that the author titled Chapter 1 "The Origin of Species". Explain your reasoning. 2 pts.

I think he titled Chapter 1 that because it talks about animals in chapter 1 and at the end of the book he gives Callie a book about the origin of species.
