6. List 3 reasons why many of the people who came to America think they had found a paradise.

- Sweet smelling flowers
- Abundant game
- Fertile soil

7. Many people in America have a powerful dream of a free country where everybody is treated

fairly.

8. In the second to last paragraph on page 159, Joy Hakim says, "The dreamers will have the opportunity to test their ideas." Do you think this is still true today? Can you give an example?

I think it is not because today not all men are treated equally, that is because some people are homeless and they get treated fairly. Also some people are orphans and they could be sold to a bad man who treats them horrible.
