Postcard Template

Directions: Imagine you are on a trip to one of the states from this region and want to send a postcard to a friend. Design the front of the postcard to show one of the places you have visited in that state. Then, on the back side of the postcard, write to your friend, describing things you have done and seen in this state.

Dear Joseph,
I have taken a trip to
the U.S. Space and Rocket
center in Huntsville, Alabama.
It is super cool. There
is an underwater astronaut
training experience, a
family astronaut training
experience, there is an astronaut
experience and finally a flight
simulator. We didn't have a lot
of time to do everything but we are
coming back tomorrow.
Sincerely,
LOZ
